Increase in Allowance To Soldiers

An order-in-council has just been passed, changing some of the regulations in force by the board of soldiers' civil re-establishment, by which further facts are placed at the disposal of the returned soldiers and also an increase in vocational pay and allowance is granted while a man is undergoing re-training. These have been increased from 20 per cent. in the case of single men, and from 18 to 40 per cent. in the case of married men. Allowances for single men are now \$80 a month instead of \$60 as previously, while married men will receive \$85 instead of \$73 where there are no children, with a gradual increase up to \$110 instead of \$89 a month in the case of man and wife with three children. The allowances for a man with dependents other than wife and children have been correspondingly increased.

The scale of allowances for men receiving training in Canada is now higher than in any other of the allied countries. The allowances in the United States, which are the next highest, are \$65 a month for a single man and \$75 a month for a married man without children. The regulation stating that men marrying while undergoing training would be considered as single as far as pay and allowances are concerned has been cancelled. A man marrying during the period of his training will now receive the allowances paid to a married man.

School Board Grants Increases

The regular monthly meeting of the local school trustees was held on Friday evening last. The principal business transacted was the consideration of report of committee on high cost of living. The committee's recommendation of increase by way of bonus was granted, effective from February 1st, 1919. An increase of \$7.50 per month was granted to teachers and \$15 per month to janitors and \$2.50 per month to secretary-treasurer. In connection with the purchase of fire extinguishers for the school, a letter was received from the Dominion Rubber Company, offering to demonstrate to the board wish; and quoting prices. Mr. Cassidy, agent for the above firm, will demonstrate the several styles and sizes of apparatus as carried by the Dominion Rubber Co.

A tender for the emergency staircase was submitted by E. J. Pozzi, and the matter was left with committee. Several requisitions and accounts were passed upon.

France Refuses to Aid
In Feeding Germans

Toronto, March 4—Herbert Bayard Swope, in a special cable to the Mail and Empire, says:

France today officially declined to participate in the feeding of Germany and her repudiation has created a serious situation. She takes the position that she cannot consent to have one cent of the existing German funds spent to liquidate the cost of supplies, as it would be robbing her people of money due them for the devastation committed by the Kaiser's army.

Accordingly, she has objected to the lifting of the blockade which had been tentatively agreed upon in January and confirmed in principle on February 16, and insists that the status existing at the time the original armistice was signed be maintained. She is willing to have food supplied to Germany only if provision is made for payment in such manner as not to distract German financiers from

Arrear Taxes May Be Settled in Instalments

Owners of property in arrears for taxes in any municipality in the province to which the act is made applicable may pay off those arrears in eight annual instalments of blended interest and principal provided that the current year's taxes be paid, according to the terms of the new Tax Arrears Act brought down in the house by Hon. A. G. MacKay, minister of municipalities.

The exact wording of the section providing for this arrangement is as follows:

5. In the case of any municipality to which this act has been made applicable, all taxes in arrear and owing in respect of any parcel of land to the 31st day of December, 1918, and notwithstanding that the land has been sold or forfeited to the municipality for non-payment of taxes, if a certificate of title has not been issued to the municipality, shall, together with the amount, if any, for or in respect of which such land has been so sold or forfeited, and including penalties, interest and cost therefor added, or which would have been added thereto if the land had not been so sold or forfeited, together with interest thereon at the rate of 8% per annum from the first day of January, 1921, be payable in eight equalized consecutive annual instalments of blended principal and interest, the first of such annual instalments being due and payable on the 31st day of December, 1921, provided that the taxes levied against any such parcel of land for the year 1919, and one year's interest, at the rate of 8% per annum on the amount owing as arrears of taxes on the 31st day of December, 1918, shall have been paid not later than the 31st day of December, 1919, and the current taxes for 1920 and one year's interest thereon at the said rate on the said arrears.

Where lands have been sold the owner must file a request in writing with the secretary-treasurer or other proper official that the provisions of the act shall apply. Another section provides that the unpaid instalments can be paid off in a lump sum on the basis of treating the original amount of the arrears as a principal sum bearing interest at the rate of 8 per cent. Where there is default in payment of the current taxes for any year the municipality can proceed to forfeit or sell the lands for non-payment of taxes.

Where money borrowed on taxes in arrears would conflict with the act, the municipality must arrange for the redemption of such debentures to the satisfaction of the minister. Hereafter, money can be borrowed on arrears of taxes for a period of only ten years.

she expects to have applied to her damage claims.

The French attitude has brought on a crisis which is to be considered at a special meeting at Spa on Tuesday where will be gathered the German delegates together with the British, French and United States representatives of the food, economic and financial sections of the supreme economic council that is charged with the handling of all matters of this sort until the final peace is signed.

The French attitude as defined tonight, came as a shock to British and United States representatives. Both were under the impression that France had agreed to the outstanding work on which had progressed to such an extent that German financiers were to present a detailed plan of arranging payments through the use of something like half a billion dollars of

Catarrhal Deafness And Head Noises

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME

If you have catarrhal deafness or head noises caused by catarrh, if phlegm drops in your throat and has caused catarrh to the ears, you will be glad to know that these distressing symptoms can be entirely overcome in many instances by preparing in your own house at little cost. The following treatment is simple, reliable and safe. Take this home and add to it 1/4 pint of hot water and a little mint (leaves strength). Take this home and add one tablespoonful every four times a day. An improvement is sometimes made in a few days. Breathing should become easy, while the distressing head noises, head and gradually disappear under the tonic action of the mint. Loss of hearing and noise dropping in the back of the throat are other symptoms which are often overcome by this efficacious treatment. It is particularly effective in that all manner of all sorts of troubles are caused by catarrh and there must be many people whose trouble may be removed by this simple, harmless, home treatment.

Elect Fair Officers

E. L. Richardson, Calgary, was elected president of the Western Canada Fairs Association; R. M. Matheson, K.C., of Brandon, was elected first vice-president; J. F. Day, of Red Deer, second vice-president; and W. J. Stark, of Edmonton, secretary-treasurer, at the meeting held recently in Calgary. The next convention will be held January 1920, in Edmonton, the convention leaving the date to the executive to decide, but suggesting that the convention be held at least a week earlier than the one this year.

League of Nations Criticized
Washington.—In the first prepared address of the league of nations delivered in the senate since the constitution of the proposed league was made public, Senator Poindexter, of Washington, Republic, declared the entrance of the United States into the league would mean a surrender of American rights, privileges and sovereignty, the abandonment of the Monroe Doctrine and a violation of the constitution. The constitution of the league, he said, was conflicting indefinite and uncertain, and the machinery which it proposes to set up "similar to the Soviet government of Russia."

\$160,000 Plant Coming
Regina, Sask.—The Coca-Cola Company will erect a factory on Cornwall street, Regina, early this spring and erect a plant, which is to cost, when completed, \$100,000. The property site for the factory was purchased two years ago and plans for the factory were submitted to the company about a year ago. This comes from a decision by the company to build a chain of factories from coast to coast in Canada.

Miller's Worm Powder is no injury to the most delicate child. Any child, infant or in the state of adolescence, who is infested with worms can take this preparation with entire safety. This worm powder will find in it a sure relief and a full protection from these destructive pests, which are responsible for much sickness and great suffering to legions of little ones.

British Columbia May Be Divided

With the Cascade Mountains as a Dividing Line
Revelstoke.—With a full list of delegates present, the associated boards of trade of eastern British Columbia unanimously passed a resolution asking for the separation of British Columbia into two provinces, with the Cascade mountains as a dividing line, declaring that proper recognition of the interest of the eastern part of the province cannot be obtained upon its possession.

Two God Renews His Promise of Land to Israel (Continued).
The promise had not been made to Abraham, but to Isaac and Jacob and Moses. It is now renewed to Israel when they are about to enter upon their possession. The borders of the land were quite large (verse 4) "from the wilderness and this Lebanon even unto the great river, the river Euphrates, all the land of the Hittites, and unto the great sea toward the going down of the sun, shall be your coast." The nearest it was ever possessed was during the reigns of David and Solomon, though not then fully realized. The boundaries of the land it was theirs.

A further resolution was passed advocating that if Doukhobors are found to be violating Dominion enactments, that they be dealt with as undesirable citizens and that all machinery not obtainable from Canadian manufacturers be admitted duty free.

Strong Enough to do Homestead Duty

SIDNEY BENT GIVES THE CREDIT TO DODD'S KIDNEY PILLS
Six Years Ago He Had Kidney Disease So Bad His Friends Said He Would Not Live Long.

Lydiard, Sask., March 3.—Strong and determined owing to the heavy work of homesteading Mr. Sidney Bent, a well-known settler here, is telling his friends of the great benefits he received from using Dodd's Kidney Pills.

"Six years ago I suffered a lot from my back and kidneys," Mr. Bent says. "I tried a lot of medicine and drugs, but nothing would help. My friends said I would not live long."

"Four years ago I decided to try Dodd's Kidney Pills. After taking the first dose I felt much better. I began to continue the treatment. I did no homestead duty for the last three winters. I would advise anyone suffering from kidney trouble, to take Dodd's Kidney Pills."

Dodd's Kidney Pills have made many thousands of kidney diseases and the ill that share diseased kidneys.

"But if you are suffering from kidney trouble, you will find Dodd's Kidney Pills a great help.

"I will not fail thee nor forsake thee."

"There shall not any man be able to stand before thee."

"(3) As I was with Moses, so I will be with them."

4. Conditions of Blessings in the Land of (1:6-9).

"(1) Land of oil and of good courage" (v. 6). His mission is to bring the people and the land to himself and divide the land among the tribes for inheritance. God could not bless him if he should play the coward.

2. Unwilling obedience to the word of God (v. 7). In a land of idolatry it requires much courage to obey the true God. The prosperity and good success was conditioned upon unwavering obedience to God's commands. In all his work he must confirm his life to the law of God. To pass from the path outlined there would bring disaster and ruin. In order to accomplish this the law of the Lord must constantly be in his mouth. He was to meditate therein day and night. If we are to prosper in our Christian experience there must be that regular and reverent study of God's Word. Joshua rendered unto the people the plan and gave the directions. His responsibility was to go forward without doubt, taking possession of the inheritance.

U.S. Boats on Rhine

Paris.—Rotterdam and Antwerp will be used as base ports for the American army of occupation. Deep draft barges seized by the French and Belgians in the German retreats will plough the Rhine, superadding the Bordeaux route to the front by rail. Warehouses will be erected at Rotterdam and Antwerp and ships will be unloaded and reloaded upon barges by Dutch and Belgian civilians.

There is no poisonous ingredient in Holloway's Corn Cure, and it can be used without danger of injury.

The Dominion lands office at Prince Albert is receiving many inquiries from outside points regarding the prospects of securing land in northern Saskatchewan for either homestead or grazing purposes.

SUNDAY SCHOOL LESSON

LESSON FOR MARCH 9—JOSHUA, PATRIOT AND LEADER

The book of Joshua is a history of the conquest of the promised land and its apportionment among the tribes of Israel. It takes its name from its principal character—Joshua. During the wilderness journey he was Moses' minister, and captain of his army. When Moses was denied the privilege of going over the Jordan, Joshua was appointed to the leadership of Israel. Being so long faithful as a servant, he is now qualified to rule. Only those who have themselves learned to obey are fit to rule, the representatives of the law, brought Israel to the borders of Canaan. Joshua and the twelve tribes lead the people into the place of rest. The name "Joshua" has the same derivation as the name "Jesus." The law (Moses) was our schoolmaster to bring us to Christ; but Christ (our Joshua) has given us victory and rest.

1. Joshua's Call (1:12).

Moses, God's servant, is dead, but God's word must go on. He continues his work by calling others to take it up, though he buries his workers. No, doubt, was sorrow over the loss of his master, but there is over it a sure relief and a full protection from these destructive pests, which are responsible for much sickness and great suffering to legions of little ones.

2. God Renews His Promise of the Land to Israel (1:3, 4).

The promise had not been made to Abraham, but to Isaac and Jacob and Moses. It is now renewed to Israel when they are about to enter upon their possession. The borders of the land were quite large (verse 4) "from the wilderness and this Lebanon even unto the great river, the river Euphrates, all the land of the Hittites, and unto the great sea toward the going down of the sun, shall be your coast." The nearest it was ever possessed was during the reigns of David and Solomon, though not then fully realized. The boundaries of the land it was theirs.

A further resolution was passed advocating that if Doukhobors are found to be violating Dominion enactments, that they be dealt with as undesirable citizens and that all machinery not obtainable from Canadian manufacturers be admitted duty free.

3. God's Promises Promised to Joshua (1:5).

Joshua was entering upon a perilous and difficult enterprise, but the Lord said as he was with Moses so would he be with him. The difficulties before him were:

1. The Jordan river (v. 2). It was not at its flood (3:15), making it impossible for armies to cross.

2. In the land the people were living in walled cities. Notwithstanding this, God's help-insured success. (1)

"I will not fail thee nor forsake thee."

(2) "There shall not any man be able to stand before thee."

(3) As I was with Moses, so I will be with them.

4. Conditions of Blessings in the Land of (1:6-9).

"(1) Land of oil and of good courage" (v. 6). His mission is to bring the people and the land to himself and divide the land among the tribes for inheritance. God could not bless him if he should play the coward.

2. Unwilling obedience to the word of God (v. 7). In a land of idolatry it requires much courage to obey the true God. The prosperity and good success was conditioned upon unwavering obedience to God's commands. In all his work he must confirm his life to the law of God. To pass from the path outlined there would bring disaster and ruin. In order to accomplish this the law of the Lord must constantly be in his mouth. He was to meditate therein day and night. If we are to prosper in our Christian experience there must be that regular and reverent study of God's Word. Joshua rendered unto the people the plan and gave the directions. His responsibility was to go forward without doubt, taking possession of the inheritance.

Dates for Fairs
Saskatoon, Sask.—Dates for 1919 summer fairs in the prairie provinces were decided by the Western Canada Fairs Association in session at Saskatoon recently. The circuit will open at Calgary in the first week of July, to be followed by Edmonton in the second week, Saskatoon in the third; Brandon in the fourth and Regina at the end of July and first of August.

WOMAN'S RIGHT TO GOOD HEALTH

Most Troubles Afflicting Women Are Due to Weak, Watery Blood.

To enjoy every woman's right to enjoy a healthy, active, happy life, yet nine out of every ten suffer years of agony, usually from some form of disease, which is the result of a watery blood. Every woman should be on every side pale, thin cheeks, dull eyes and drooping figures—sure signs of headaches, weak backs, aching limbs and certain death. Such a woman should be given the right to be well by refreshing their weary bodies with the new, rich, red blood that promptly transforms them into healthy, strong, happy women. New, rich, red blood is supplied in abundance by Dr. William's Pink Pills, which reaches every organ and nerve in the body. Thousands of women have found a prompt cure when suffering from anaemia, indigestion, heart palpitation, rheumatism, gout, neuritis, etc. Hoping other sufferers may be benefited by the use of your Liniment, I am,

Sincerely yours,
GEO. H. HOLMES,

Exports from Alberta Stockyards

During 1918 the total number of animals exported from the Alberta stockyards at Calgary was 366,044, with a total estimated value of \$17,530,310. These figures show an increase of 35 per cent. on the number and 55 per cent. on the value of animals exported in 1917.

Trade in Canada in the section of the country that other districts put together, and for years it was supposed to be the best, has been declining rapidly and by constantly failing to care with local markets and by failing to compete with foreign countries.

Calgary is a local disease, greatly influenced by environmental conditions, and therefore requires special attention and treatment.

Manufactured by F. J. Cheney & Co., Toledo, Ohio, and sold by Dr. William's Pink Pills.

You can get Dr. William's Pink Pill through any medicine dealer or by mail. Price, 25 cents. Send for catalog for \$2.50 from The Dr. William's Pink Pill Co., Brockville, Ont.

Expense to Be Heavy

Winnipeg, Man.—It is estimated that it will cost approximately \$800,000 to reclaim lands on the Carrot river near the Pas. The land is situated in a triangle formed by the Sipash, North Saskatchewan and Carrot rivers. The area is approximately 1,133 miles, or about 72,700 acres.

Approximately half or less than one-half of this area may be drained by gravity during the whole season, while the balance must be pumped during a portion of June, July, Aug. and September.

Colds Cause Grip and Indigestion
NATURATIVE BROMO QUININE Tablets
remove the cause. There is only one "Bromo" Quinine. E. W. GROVES signature on the box.

Assassin for President

London.—Dr. Frederick Adler, who assassinated Premier Sturkoff at Vienna in 1916, has been proclaimed president of the German-Austrian republic by the defence troops outside the town hall, according to reports from Vienna received by the Express.

Artificial Digestive Ointment

Winnipeg, Man.—The provincial government has selected the best available strain of Marquis wheat to sow on the Manitoba prairie cultural farm and finally decided that Wascana district produced the best.

A. Aikin, a farmer of that district, was requested to supply 100 bushels of his best strain of Marquis wheat.

The price paid was \$4.25 per bushel.

Mr. Aikin and his wife, Mrs. A. Aikin, sell their wheat on the Manitoba soil products exhibition, Winnipeg, last February.

Winnipeg, Man.—It is estimated that it will cost approximately \$1,000,000 to reclaim lands on the Carrot river near the Pas. The land is situated in a triangle formed by the Sipash, North Saskatchewan and Carrot rivers. The area is approximately 1,133 miles, or about 72,700 acres.

Approximately half or less than one-half of this area may be drained by gravity during the whole season, while the balance must be pumped during a portion of June, July, Aug. and September.

Up to date \$4,373,381 has been expended on the new parliament buildings at Winnipeg, and an additional \$1,334,769 is needed to complete the work.

Immigration in January

Immigration returns for the month of January show that Western Canada welcomed 828 new settlers during that period.

The value of personal effects for immigrants were \$69,000 as against \$65,255 last year. Actual cash brought into the country amounted to \$622,220. Last year the sum only totaled \$148,000 for the same time. Seventeen motors were shipped in by these settlers in comparison with 35 cars for January, 1918.

Must Report on Material

London.—A Berlin government wireless states:

The allied supreme council has re-

quested a statement regarding the

stocks of war material now available

in Germany, or under construction,

especially machine and other guns,

aeroplane motors, and seaplanes. The

demand is based on the German chief

army administration's attitude con-

cerning the Polish question and the

necessity for settling the conditions

for extending the armistice.

A Baseless Suspicion

The suspicion exists in certain circles that a similar purpose is to be served by the national savings movement. Foundation for this suspicion does not exist. The movement is national and is designed to accomplish two objectives:

1st.—To stimulate the practice of thrift among Canadians.

2nd.—To assist in financing the reconstruction undertakings of Canada.

No one is going to take exception to the practice of thrift by Canadians. If, as has been openly charged, the people of Western Canada, per head of the population, are more extravagant than those of any other country in the world, then another word further need be said of the necessity of the observance of thrift principles in Alberta.

As for reconstruction and all the works that are associated with it, who, then, is there who is going to object to the way in which the way in their performance?

Every other war-worn country in the world is centering its attention upon internal financing for they recognize that they have to lift themselves by their own bootstraps out of the slough of financial depression. They cannot expect much help from outside for other countries are no better off than they are and are taking similar precautions.

Great Britain is a close ally of the United States, but Great Britain, the moment the armistice was signed, did not hesitate a moment to impose trade restrictions that affect the United States

adversely and that most Great Britain assembly. It is not a question of the survival of the fittest, but a question of earning a national living.

So with Canada. If this Dominion is to make a living it must work, and save and finance itself with its savings. It is a world of law operating in a slightly changed form.

The national savings and thrift stamp purchasable for \$1.02 and 25¢, means of saving at 4% per cent. compound interest and they also furnish the money with which to finance Alberta's grain crop handling and marketing, the erection of public buildings, the construction of railways, the caring for disabled soldiers and the paying of pensions. Now these are worthy causes. They relate to the national welfare and the individual welfare. As they are so planned, they contribute to the comfort and prosperity of the people, not materially only, but socially, morally and intellectually.

A persistent and successful thrift movement in Canada will be the finer investment of money and energy the Dominion can make.—Ex.

Repatriation Is a Big Problem

The work of repatriation is no one man's job. It is the duty and privilege of every citizen of the Dominion of Canada.

The war was not the work of the soldier alone, it was the task of every Canadian, and it is our pride that Canadians are a true recognition that, and at a tremendous cost, for self-sacrificing intelligent service was unsurpassed in any country.

The war is not yet won. Three soldier boys who have been in the midst of armaments for four years and more still suffer from its effects, although many are coming home physically sound. Their lives must change their whole scheme of living. Their outlook on life must be changed. To do so they will need help.

They will need sympathetic kindly treatment. That is where everywhere help is needed. Not all have jobs to offer. These men must have satisfactory work at a

proper compensation. A body of public sentiment must be created in favor of giving the returned man every possible chance to make himself the self-supporting man that he wants to be. Meet him when he comes home. Give him the glad hand. Smooth out his little difficulties. Be kindly sympathetic towards him and then help him to get a good position. And when he gets that position, be still sympathetic with him so that he may get back to that place in the community to which his talents fit him, but which his experience has given him a sense of unfitness.

Repatriation is a big problem, but the solution can and will be found in patient kindly treatment.

The third great scheme is under way. The government will send agents for the men who want to go to farms. The provincial governments are co-operating in a most splendid manner. Small farming communities will shortly drift the land. There is no danger of failure in this proposition.

"We will go the limit for the returned men is the substance of a resolution passed unanimously by the Saskatchewan legislature at the session just closed. That is an excellent motto for all Canadians. The limit is not too much."

The Repatriation Committee has named Major Beresford Topp, D.S.O., M.C., with bar, as its representative in England. It is absolutely necessary to acquaint the men coming home with the plan adopted by the government for their re-establishment into civil life. It will prevent their worrying and will enable them to find work without difficulty.

Major Topp is a fine young fighting man with war decorations for gallantry; a newspaperman of experience and ability, and his work will undoubtedly be most productive of good.

Charles W. Cavers, formerly editor of the Sunday World, Toronto, has been appointed to take charge of the publicity department of the soldiers' and sailors' fund committee. Mr. Cavers was in France two years, being gassed, but returned during the fall of 1918. He is a capable soldier and an experienced newspaper man.

Employment offices have been named in over thirty cities in Canada and others will be opened at once. It is the intention of the repatriation committee to have employment agencies in every city with a population of over 10,000, if there is need of such offices. Returned men are put in charge and every effort is being made to bring employers and returning men in touch with each other. Excellent reports are being received of the work being done.

A restraining decree has been issued in Toronto, with Miss Greta John Gunne as president. This decree has been approved by Mr. H. J. Daly, chairman of the repatriation committee, and will divide the work and share the responsibility of getting returned men into jobs.

Municipalities are doing great work in connection with receptions to returned men. The councils have as a rule entered into this most heartily with beneficial results. The majority of the municipalities are also planning for civic improvements on a large scale. This will give employment to many men, and will help solve the problem of unemployment.

There is a cry for farm labor at the

present time. It is expected that when spring seeding arrives many men will be discharged from the army allowing them to take up their former occupation on the farm. Increased production is essential to Canada's prosperity, and the expectation is that the shortage will not be acute when these men get back.

Calgary Herald Entertains Circulators

Under the auspices of the Calgary Herald and the direct supervision of its circulation manager, A. J. Hilliker, a unique banquet was staged at the Palmer Hotel. Completely filling the large grill room of the hotel were between two and three hundred of the brightest-faced boys Alberta provinces can produce. They were the route boys who handle the Herald in Calgary city and the towns of southern Alberta, and it was their pleasure to be for the occasion the guests of the Herald management, the company paying all their travelling, hotel and other expenses.

With an orchestra making melody, the boys did full justice to the dinner which was served in real Palmer style, and following the dinner there was an evening of entertainment provided by the boys and outside artists of well known reputation. Mr. Hilliker, in a short speech, explained how the boys had helped to boost the circulation of the Herald in city and country until to day it stands second to none in that respect anywhere in Canada.

Mr. J. H. Wood, managing director of the company, gave the boys a talk on co-operation and showed them how they were a very important factor in the machinery of a big business.

The out of town boys were entertained at the Allen and Regent picture theatres during their stay in the city as the guests of the managements of those houses and spent an educational and interesting hour going through the Herald mechanical plant, seeing for the first time how a great newspaper is made.

The representative in the party from Hillcrest Mine was Chasley Carter.

Verdict of Guilty

Lethbridge, Feb. 27.—After an absence of three hours, the jury returned at 8 p.m. yesterday and rendered a verdict of guilty of murder against Paulenko and one of manslaughter against Dothe, who have been before the court for the last three days, to answer the charge of being instrumental in the death of John Onofrychuk.

Paulenko was sentenced to hang on May 14, and Dothe was given two years in the penitentiary. Mr. Justice Walsh, summing up to the jury, occupied three-quarters of an hour. Dothe, on the stand, denied all connection with the murder, stating that the only part he took in the affray was that of endeavoring to part Paulenko and the deceased while engaged in fighting outside the shack.

WHEREVER YOU SEE THIS SIGN

Build a \$50 Bond

A Plan For Investors—Big and Little

A War-Savings Certificate, provided free of charge with your first War-Savings Stamp, has spaces for 10 War-Savings Stamps.

A War-Savings Certificate with a W.S.S. in each space is a Dominion of Canada "bond" for the payment of \$50 on January 1st, 1924.

And you invest less than \$41 to secure it—paying as it proves convenient to you.

War-Savings Stamps cost \$4.02 in March, \$4.03 in April and \$4.04 in May.

Fill up your THRIFT Card (16 Thrift Stamps at 25c each). Thrift Stamps earn no interest, but a filled card represents \$4 when you invest in a War-Savings Stamp.

AT ALL MONEY-ORDER POST OFFICES, BANKS, ETC.

Asserting that designers of women's evening gowns have led fashion to the extreme limit of indecency, which is having a most demoralizing influence upon the youth of the country, the New York Federation of Women's Clubs at a meeting adopted a resolution calling on women to dress modestly, and on designers and shopkeepers to control indecency in dress. A committee was appointed to push the war on scanty evening gowns.

Canada's claim against Germany including war expenditure to date now totals over \$1,140,000,000. War expenditures alone from the beginning of the war to the end of last month totalled \$1,122,000,000. This represents accounts which have passed through the books of the finance department. In addition, claims for actual enemy damage against Canadians, claims for damages by submarines and in other ways now total about \$10,000,000.

Local and General

Canada is to maintain a standing army of five thousand men.

Rumor has it that Chin Hing has been elected mayor of China.

Pte. Peter Montalbetti returned from overseas on Sunday morning last.

Mr. V. H. Hutton, representing the Barber-Ellis Paper Co., was in town on Tuesday.

The third degree was conferred at the regular meeting of the I.O.O.F. on Tuesday night.

Sup't. W. G. Pryn, of the A.P. police, was in the Pass last week end on inspection visit.

Mrs. Alex. McFegan, who had been visiting her father, Mr. F. S. Katoray, has returned to Brule.

Mr. and Mrs. N. E. Poyle and children, of Barons, are spending a few days with Mr. and Mrs. D. C. Drane.

Duncan McDonald, district inspector of mines for Lotbridge, spent several days in town this week.

W. L. Evans and family have moved to town from Bellevue and have taken up residence on Dearborn Street.

Bob Livett, International board member, addressed a meeting of the local miners' union on Sunday afternoon last.

Souvenir hunters stripped Sir Wilfrid Laurier's grave of the floral tributes and the Basilica of the Dead of the candles used in the funeral service.

A pleasant social party was given at the home of Mr. and Mrs. Wood on Tuesday evening, they having as their guests about twenty young couples.

The local Odd-Flows will celebrate the Centennial by giving a grand ball at the opera house on the night of Easter Monday, April 21st. Particulars later.

Sixty five thousand eight hundred dollars was paid for a pig at Springfield, Ohio, recently. There are "pig" in Alberta that couldn't be bought for that sum, and they're blind at that.

D. Lewis, Joseph Montalbetti, H. G. Benson, J. M. Carter, R. K. Lillie, Miss Williams and several other local celebrities attended the criminal assizes at Macleod this week.

The minister of finance gives notice of a resolution providing for a weight fines, etc., of the bronze cent. This is necessary in order to make provisions for the coining of a smaller cent piece.

We wish to inform the department of the attorney general that from all appearances the district of Blairemore is dry to all intents and purposes on Tuesday. It's a pretty good sign when you see fully qualified inebriates sucking the snow banks.

bellevue Happenings

Private Arthur Charlesworth arrived home on Tuesday from overseas.

Joe Knight, of Edmonton, is to speak in the Workers' hall on Sunday at 2:30.

E. W. Christie has been elected to fill the vacancy on the board of school trustees.

Miss Stemming, of the teaching staff, has been on the sick list for some time, and is going to Macleod for a short rest.

R. Eccleston, who attended the convention of District 18, U.M.W.F. of A., at Calgary, returned home on Friday last.

Rev. Thomas Powell, superintendent of Methodist missions, addressed large congregations in the Methodist church on Sunday and Monday evenings, February 23rd and 24th.

Hall! Where are you going? Why, to the benefit concert in the Rex Theatre, which is to be given for the benefit of Bro. James Conroy, of the I.O.O.F., who has been laid up the last two years with a broken leg. He is at present at the Mayo-Bros.' hospital in Rochester, Minn. The members of the I.O.O.F. committee wish it understood that the show is being given by Mr. William Coie, proprietor of the Rex, entirely free of charge on his part. He will put on eight reels of good pictures, or as many more as you wish to sit and see. Now, come and fill the house. It will be for a good cause. Bill and staff will be on hand to give all the assistance necessary.

Greater Triumphs For The Edison

Every day comes fresh appreciation of the wonderful life-like, almost human, music which the New Edison Diamond Amberola brings into the home. People realize that this new phonograph is as nearly human as any invention can be—and that coupled with its truly marvelous reproductions, are its mechanical perfection and convenience.

The NEW EDISON DIAMOND AMBEROLA

uses no needles—has a diamond reproducer point which never wears out; and plays the wonderful AMBEROL RECORDS, which are almost unbreakable and nearly unbreakable.

This is the phonograph and records which you may have for a while in your home, to entertain yourself and your friends, without charge and without obligation on your part to buy.

Simply pick out the model you prefer and the records you would like to hear.

We'll send them to your home, where you can enjoy the marvels of the Amberola at your pleasure. If you decide to keep the outfit, we will be glad to arrange convenient terms, or you may pay cash if you prefer.

Marshal Foch has demanded the immediate delivery of the German mercantile fleet, without regard to the question of food supply.

The steamer Appenine, bound from Liverpool for St. John's, Newfoundland, has been driven ashore on the Newfoundland east coast by ice pack.

A number of German submarines lying in a British port are to be handed over to the allied governments, some being sent to Italy, Japan and other countries. Forty-seven of all sizes up to the big ocean-going submarines have been sold under condition that they must be broken up. The admiralty will first remove their engines.

EDITORIAL

A Note of Confidence

In these days of unrest, of speculation as to the future, of foreboding even as to what the future holds for Canada in the face of a period of economic and social upheaval and reconstruction which will likely be marked by much unemployment and in which an enormous increase in taxation must be laid on the shoulders of the people, it is gratifying to find a note of confidence and reassurance sounded. And such a note has been sounded in the most unexpected quarter, sounded not in words, perhaps, but in a more convincing manner—by action.

It is notorious that capital is timid that finders are few, that bankers and banking institutions are ultra-conservative. It is the chartered banks of Canada which at this time of uncertainty have sounded a note of confidence and are taking the lead in a forward movement for the future. It is so surprising and unexpected coming from such a quarter as to cause amazement and lead one to search for the reason of it.

The attitude of the banks of Canada today is in sharp contrast to their attitude five or six years ago. Then they were enforcing curtailments of credits, and in the summer and winter of 1913 put restrictions on all commercial borrowings. The land boom in the West had collapsed; the great era of transcontinental railway construction and general building activity and large municipal undertakings was over; the banks were "carrying" many of the great industrial and commercial houses of Canada; the money markets of Great Britain were practically closed to Canadian credit. Higher New York financiers and financial journals were openly hinting at disaster and bankruptcy in the Dominion; our export trade was not keeping pace with our increasing volume of imports. The banks shut down on all schemes of further expansion.

Then came the war. Nevertheless the Canadian banks stood the strain well, and were able not only to finance the business of the country and the requirements of the government, but advanced huge credits of hundreds of millions of dollars to Britain. Much criticism of the banks is heard—no doubt partly justified—but it must be said to their credit that they proved a tower of strength to Canada and the Empire throughout the war.

The war is all but over. The time

of reconstruction, readjustment, is upon us with all its possibilities of trade recession, unemployment, and general commercial uncertainty. Yet it is at this time that the chartered banks of Canada are arranging to increase their capital, increasing dividends, opening new branches throughout the country, and, most significant of all, opening branches in France, Russia and the countries of South America. If existing capital was sufficient to enable the banks to "carry on" during the strain of the unusual period of tremendous industrial activity, why do they now require more capital if trade is to be restricted? Does not their present policies of expansion indicate that, from all the sources of information at their command, the head officials of the banks are rather convinced that a new and greater era of business development is opening for Canada? It would certainly seem so.

It is beyond all question that during the war Canada increased her productive capacity enormously, in agriculture, in manufactures, and in other directions. Manufacturers gained valuable knowledge in the technique of production and vastly improved their methods. Even with a considerable falling off from the high water mark of war exports during the past year or two, their exports would still far exceed those of pre-war days.

As regards the war and the financial part played in the grim struggle by this Dominion, Canada has gained for herself a new place in the eyes of the world. This country is "the man," so to speak, never before, and nations which all but ignored Canada in the past are most certain to look our way and trade with our people to an ever increasing extent as the years pass and conditions become more normal. At least the banks seem to think so and are preparing for it.

Possibly the greatest criticism of our banks in the past has been that they did not appreciate the full importance of assisting agriculture nor recognize the necessity of adopting a more sympathetic and liberal policy in extending credit on reasonable terms to farmers. It is to the credit of the Canadian banks, however, that money has at long last been applied to agriculture at more reasonable rates of interest than has been supplied our neighboring farmers across the border, the latter being obliged to pay from 10 to 12 per cent. for money borrowed from the State banks. If, in the forward movement upon which they are embarking and in their new policies of expansion, the banks make adequate provision for the rapid development of agriculture they will do much to remove existing grievances and go far towards silencing criticism. At the same time they will be materially assisting in laying a solid foundation for the future prosperity of Canada, and a foundation upon which a strong industrial and commercial structure can be safely erected.

No Alimony—Just a Separation

Particular quiet separation, no damage done, no expenses incurred, that's the situation when you divorce your corns with Putnam's Corn Extractor. Acts like magic—don't use any but "Putnam's"—it's the best, 2c all at dealers.

Need Ships for Lumber

Vancouver, B. C.—Cabled advices from London reaching Vancouver, indicate that shortage of ships is standing in the way of the placing of large timber orders by the British authorities in this province. It similarly affects the salvaging of the immense quantities of high class spruce logs lying in the water or in the woods of the northern coast. Strenuous efforts are being made to overcome this difficulty, says the cable, and the department of lands has requested the earnest support of the department of marine at Ottawa that every effort be made to provide Canadian vessels.

Amsterdam.—A band of marauders in the vicinity of Essen, according to the Vorwärts of Berlin, destroyed the airship and other outlets of a coal mine and imprisoned 600 miners who were at work at the time. It will be impossible to release the miners for a fortnight. The explosive magazine of the mine was also pillaged by the band.

Externally or Internally, it is Good. Dr. Thomas' Electric Oil, after rubbing, Dr. Thomas' Electric Oil opens the pores and penetrates the tissue as few liniments do, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will cure affected parts of the bronchial tubes and respiratory organs. Try it and be convinced.

Saskatchewan is now the third province to build branches, while 462, Ontario, 1,183, and Quebec, 827. Alberta has 300 and Manitoba 244. Of the 145 new branches opened in Canada during December, 49 were in this province.

Fuel Oil in England

London.—Important discoveries of fuel oil have been made on the Duke of Devonshire's estate at Cheshirefield, Derbyshire, where exploration has been carried on, on a large scale and under official sanction. The supplies are described as vast. Experts are convinced that several other rich oil fields are in the country. An authority says there is more oil in England than in the whole state of Pennsylvania.

Learn to paddle your own canoe before offering to steer some other fellow's boat.

HAD WEAK and PAINTING SPELLS

Those feelings of faintness, those weak, "all gone" sinking sensations, which come over some people from time to time, are warnings that must not be disregarded. They mean an extremely weakened condition of the heart and a disordered nervous system.

Calgary, Alta.—Grouard, on Lesser Slave Lake, is fast becoming one of the most important centres of the great northland. Stockmen and others from the south west of the province who have been securing feed to relieve the shortage in that part of the country are most enthusiastic over the possibilities of the district and are having their stock shipped north to remain there permanently. Twenty cars have already been received, and as many more are expected to arrive shortly. Plenty of feed and water are an absolute necessity to stock raising, and the district has both. Ten thousand tons of hay are being shipped out of Grouard this winter. This crop is never failing.

Ten thousand tons of hay are being shipped out of Grouard this winter. This crop is never failing.

Minard's Liniment Cures Distemper

Calgary, Alta.—Grouard, on Lesser Slave Lake, is fast becoming one of the most important centres of the great northland. Stockmen and others from the south west of the province who have been securing feed to relieve the shortage in that part of the country are most enthusiastic over the possibilities of the district and are having their stock shipped north to remain there permanently. Twenty cars have already been received, and as many more are expected to arrive shortly. Plenty of feed and water are an absolute necessity to stock raising, and the district has both. Ten thousand tons of hay are being shipped out of Grouard this winter. This crop is never failing.

Just Caught in Passing

As Wednesday was observed as a school holiday.

"A Soul For Sale" at the opera house on Saturday and Monday nights.

W. L. Ouimet, of Coleman, has been visiting in Lethbridge during the week.

Report of Blairmore school for month of February will be published next week.

Pool halls will henceforth be permitted to remain open until 11:30 p.m. instead of 11 p.m., as formerly.

The Beverley Entertainers, of the Chautauqua Lyceum circuit, will be the great attraction at the opera house on the night of Monday, March 24th. Watch for other announcements.

A grand concert will be given in the opera house on Sunday evening under the auspices of the Crown's Nest Pass Local of the Great War Veterans' Association. The concert will commence at 8:30 and a splendid programme of sacred music will be rendered. Silver collection will be taken at the door.

Mr. Comfort, of the Crystal Dairy, engaged a store floor walker to work around the dairy. The first morning he asked the new hand to "Take a horse and go to the station for a load of potatoes." When he arrived, the station agent said, "All right; but how are you going to take them without a cart?" "Dear me," said the man, "I've forgotten the cart." So he tied the horse at the station and walked back to the dairy for a cart.

Pellets and pills of concentrated whiskey or beer may be made if the dreams of certain English chemists are realized. During the war much progress was made in condensing food into tablet form, and it is thought alcoholic beverages will lend themselves to similar methods of concentration. That even any man could carry his "still" in his waistcoat instead of under his waistcoat, the still being a bottle of beer or whiskey pellet. Such a pellet dropped into a glass of near beer or any such salubrious concoction would add a decided "kick" to it.

In the criminal assizes at Macleod on Tuesday, before Mr. Justice Ives, J. Iurelio, of Blairmore, was convicted on the charge of attempted murder and sentenced to five years in the penitentiary. On June the 19th last, when Joe Corra was crossing the railway track at Ninth Avenue, Blairmore, Iurelio, for no apparent reason, fired three shots at him, and then turned and ran into the woods. Corra took shelter behind an Anglican mission and when asked why he should so shield himself is said to have remarked: "Him spend whole life get ready for God. Me no ready at all!" Iurelio gave himself up to the A.P.P. and was committed for trial at this sitting of the assizes.

The event of the season will be the hockey exhibition to be pulled off on the Frank skating rink on Wednesday night next by the Oddfellows. Sticks will be crossed by Coleman and Blairmore in a return match, commencing at 7:30 sharp. The winning team will immediately play Bellevue. Plain clothes men will be on the scene to detect anyone who may be inclined to bet real money on the games, and anyone caught in such act will be subject to severe penalty. Silk stockings or gloves will not be permitted to be worn by the players. Special seats will be provided those penalized. Admission fee of 25c will be charged. After the games, the teams and their Oddfellow and Rebekah friends are invited to a social afterparty to be held in the Oddfellows' hall at Blairmore.

Alberta University is preparing a memorial for its war heroes

Born, to Mr. and Mrs. H. C. Salmon, in California, on February 9th, son.

The Blairmore orchestra (eight pieces) will attend the service at Central Union church on Sunday evening.

Alex Morency, who has been suffering from blood poison in one of his knees, has improved sufficiently to be able to get outdoors.

Mrs. Allen E. Young, of Macleod, and Mrs. W. S. Watkins-Hancock, of Edmonton, are visiting the former's sister, R. J. Crooks, at Frank.

An epidemic of aphthous diseases is causing great havoc among Italian cattle. The effect of the scourge on the milk and meat supplies has resulted in a further increase in the cost of living.

In the police court at Fredericton, N. B., one day last week, John R. Haines was sentenced to six months in jail for having a bottle of beer in his possession, which the chief of police swore was intoxicating.

Mr. and Mrs. Josiah Kean, of Cowley, have sold out their business interests there to Mr. and Mrs. Christie, of Edmonton, who have already taken charge. Mr. and Mrs. Kean will leave shortly for their old home in the east.

A Belgrave clergyman, the other day married four couples in one hour and remarked to a friend that it was pretty quick work. "Not very," said his chum, who had recently returned home from the navy, "only four knots an hour."

Owing to the condition of the roads, the annual meeting of the Crown's Nest Pass Automobile Association which was to have been held on Wednesday evening of this week, had to be postponed until a further call from the Secretary.

Peter Dohie, accomplice of Peter Paulsen, sentenced on Wednesday to be hanged on May 14th for the murder of John Ormfraychuk at Lethbridge, has been found guilty of manslaughter, with recommendation for mercy. He was sentenced to two years in the penitentiary at Edmonton.

The following shipment was made this week by the local Red Cross to the Central Depot at Calgary: 7 operating gowns, 3 pairs pyjamas, 12 day shirts, 1 singlet, 1 nurse's apron, 40 pairs socks, 12 stretcher caps, 10 pillow slips, 3 covers, 49 T bandages, 48 personal property bags, 32 khaki handkerchiefs, 20 hospital handkerchiefs, 8 binders, 6 towels.

Rod McDonald, who originated in some part of Gaelic Cape Breton, was heard singing in his sleep the other night as follows:

"Se dia 'n stearmunn duinn gu beachd;

Ar spionadh e ro treis.

An tionsnair carraig agus teann,

Ar cohair e ro dhois."

Neighbors were aroused and immediately manned Gatling guns, fearing that a revolution was about to occur.

The startling fact that many patients who have been supposed to be suffering from influenza were really suffering from nasal diphtheria, is discussed by Dr. Martin Pine, of Blackburn, in the current issue of the British Medical Journal. He gives notes of eight such cases in which diphtheria was discovered and says he is persuaded that a large number of the deaths attributed to influenza in the present epidemic were due to diphtheria. The condition, he points out, is the more dangerous because comparatively few doctors were looking out for it.

Under the auspices of the Fairmore Sport Club, about fifty young people took advantage of the good singing and journeyed westwards. The Crow. Return.

they were entertained by Mr. and Mrs. Harry Burns at McLaren's Mill, where coffee and refreshments were served and all efforts made to make the party warm and merry. Three sets of bobsleds were necessary to accommodate the party, and all enjoyed the outing thoroughly.

The sincerest thanks of the party are due, firstly, to Mr. and Mrs. Burns; secondly to the mouthorgan quartette, of which Mr. Alan Hamilton was leader, and thirdly to Pte. Peter Montebello, who kindly looked after the vocal instruments and the coffee bowls.

The attorney general has decided to give plain clothes men full power to enforce the liquor act, thus relieving the provincial police of one of their few minor duties. Here is a chance that will be availed of by every undesirable character in the province.
